SPECIAL QUOTATIONS

SPRING IS NOT FAR OFF!

People are already thinking about those warm sunny days when they can start working outside — seeding the new lawn or rejuvenating the old lawn with fertilizer and grass seed . . .

MR. SEED DEALER:

You can get your share of the terrific demand for good lawn seed by ordering KEYSTONE LAWN GRASS MIXTURES TODAY.

These mixtures are very attractively packaged in one-pound full color cartons and larger sizes in colorful bags enabling you to build eye-catching displays in your store.

Remember! The season is here and you can't make sales unless you have the merchandise in stock! ORDER TODAY!

ORDER BY THE CASE

1 Lb. Cartons — 48 per case

3 Lb. Bags — 20 per case

5 Lb. Bags — 12 per case

SEE INSIDE THIS PRICE LIST FOR PRICES ON EACH SIZE PACKAGE!

KEYSTONE LAWN GRASS SEED!

Skillfully blended for sunny lawns and shady lawns — fertile soils and poor soils — a mixture for any condition!

Below are brief descriptions of our fine Keystone Lawn Mixtures:

KEYSTONE SUPREME (Vitamin B1 & Hormone Treated) — for the trade that demands the very finest. **Supreme** is a skillful blend of imported and domestic grasses, cleaned and recleaned to perfection, then B₁ Vitaminized and Hormone treated. **Supreme** contains no Rye Grass or Red Top.

KEYSTONE SHADY SUPREME (Vitamin B1 & Hormone Treated). Special Blend for shaded areas. A special blend of **Supreme**, including fine grasses highly tolerant to shade. Recommended for areas receiving one-half day or less of full sunlight.

KEYSTONE CITY LAWN (Vitamin B1 & Hormone Treated) — specifically blended to give dependable performance under city growing conditions. It has as its base a selection of the most suitable permanent grasses combined with sturdy, quick-growing grasses which act as a nurse crop, gradually disappearing as the permanent grasses become established.

KEYSTONE SHADY LAWN (Vitamin B1 & Hormone Treated). Special Blend for shaded areas. The popular **Keystone City Lawn** mixture adapted for shade. Recommended for dense shade or lawn areas receiving one-half day or less of full sunlight.

HORSESHOE LAWN GRASS (formerly Mound City Lawn Grass). A blend of quick-growing grasses for use where an immediate turf is wanted in soil of poor to medium fertility. It makes a good, seasonal lawn. (Not packed in 1 Lb. cartons — cloth bags only).

See inside this list for prices or write for additional information — but don't delay! Order today and get your share of the lawn grass business!
